RE: Absentee Ballot Signature Review Guidance

Verifying that a voter's signature on his or her absentee ballot matches his or her signature on the absentee ballot application or in the voter registration record is required by Georgia law and is crucial to secure elections. Ensuring that signatures match is even more crucial in this time of increased absentee voting due to the COVID-19 crisis. The purpose of this OEB is to remind you of some recent updates to Georgia law and regulations regarding verifying signatures on absentee ballots and to make you aware of the procedures that should be followed when a signature on an absentee ballot does not match. HB 316, which passed in 2019, modified the absentee ballot laws and the design of the oath envelope. The State Election Board also adopted Rule 183-1-14.13 this year, which addresses how quickly and by what methods electors need to be notified concerning absentee ballot issues. What follows are the procedures that should be followed when the signature on the absentee ballot does not match the voter's signature on his or her application or voter registration record:

County registrars and absentee ballot clerks are required, upon receipt of each mail-in absentee ballot, to compare the signature or mark of the elector on the mail-in absentee ballot envelope with the signatures or marks in eNet and on the application for the mail-in absentee ballot. If the signature does not appear to be valid, registrars and clerks are required to follow the procedure set forth in O.C.G.A. § 21-2-386(a)(1)(C).

When reviewing an elector's signature on the mail-in absentee ballot envelope, the registrar or clerk must compare the signature on the mail-in absentee ballot envelope to each signature contained in such elector's voter registration record in eNet and the elector's signature on the application for the mail-in absentee ballot.¹ If the registrar or absentee ballot clerk determines that the voter's signature on the mail-in absentee ballot envelope does not match any of the voter's signatures on file in eNet or on the absentee ballot application, the registrar or absentee ballot clerk must seek review from two other registrars, deputy registrars, or absentee ballot clerks.

A mail-in absentee ballot shall not be rejected unless a majority of the registrars, deputy registrars, or absentee ballot clerks reviewing the signature agree that the signature does not match any of the voter's signatures on file in eNet or on the absentee ballot application. If a determination is made that the elector's signature on the mail-in absentee ballot envelope does not match any of the voter's signatures on file in eNet or on the absentee ballot application, the registrar or absentee ballot clerk shall write the names of the three elections officials who conducted the signature review across the face of the absentee ballot envelope, which shall be in addition to writing "Rejected" and the reason for the rejection as required under OCGA 21-2-386(a)(1)(C). Then, the registrar or absentee ballot clerk shall commence the notification procedure set forth in O.C.G.A. § 21-2-386(a)(1)(C) and State Election Board Rule 183-1-14-.13.

¹ Once the registrar or clerk verifies a matching signature, they do not need to continue to review additional signatures for the same voter.

RULE 183-1-14-.13 Prompt Notification of Absentee Ballot Rejection

When a timely submitted absentee ballot is rejected, the board of registrars or absentee ballot clerk shall send the elector notice of such rejection and opportunity to cure by mailing written notice, and attempt to notify the elector by telephone and email, if a telephone number or email is on the elector's voter registration record or absentee ballot application, no later than the close of business on the third business day after rejecting the absentee ballot. However, for any timely submitted absentee ballot that is rejected within eleven days of Election Day, the board of registrars or absentee ballot clerk shall send the elector notice of such rejection and opportunity to cure by mailing written notice, and attempt to notify the elector by telephone and email, if a telephone number or email is on the elector's voter registration record or absentee ballot application, no later than close of business on the next business day.
